# PRESS RELEASE

## Metabo Introduces Cordless 18V Brushless Rivet Nut Gun

*Compact, powerful and ergonomic rivet gun solution for joining flat stock with threaded connections.*

**June 2023** – Metabo, a leading German international manufacturer of professional-grade cordless and corded hand-held power tools and accessories in the US, introduces their new **18V Brushless Rivet Nut Gun**, the **NMP 18 LTX BL M10** (601788840).

“The 18V Brushless Rivet Nut Gun is the solution for joining flat stock with threaded connections. Rivet nuts are used over standard nuts when secure, load-bearing connections between thin materials need to be removable.”, said Kevin Paul, Assistant Product Manager.

The 18V Brushless Rivet Nut Gun has a quick-change mandrel system that can rivet up to M10 in aluminum, M8 in steel and M6 in stainless steel. It includes an easy setting force adjustment with 99 values and 10 memory settings. In addition, it has an auto-reverse feature that automatically resets the tool for quick reload.

The 18V Brushless Rivet Nut Gun is available as a bare tool and when paired with a compact 4.0 Ah LiHD (Lithium High Density) battery, it can secure 1,800 M5 rivets on a single charge and has a

pulling force of 1,500 N or 337 feet per lb. This one-handed rivet gun is extremely fast, lightweight, and well balanced for maximized ergonomics. It also includes safety features, such as a hand protection guard and balancing loop.

The Metabo NMP 18 LTX BL Cordless Rivet Nut Gun is the ideal solution used by roofers, contractors, HVAC technicians and more when connecting flat stock with threaded connections on any jobsite.
